

14th September 2018

Dear Parents/Carer

Re: GCSE Food Preparation and Nutrition

As part of the GCSE Food Preparation and Nutrition course, Year 10 students will be cooking a variety of dishes this term using a range of ingredients; the dishes will be more complex than in previous years in order to teach them all the skills they require for GCSE.

We are kindly asking for a **voluntary contribution** of £12 to cover the cost of these ingredients by Friday 28th September. This will avoid students having to all individually purchase these ingredients and having to individually weigh them out at home. It also means that we can provide the exact ingredients but purchase them in bulk and thus achieve more value for money.

Please note that there will be one practical lesson this term where students are required to bring in their own ingredients from their chosen recipe and students will receive all the information they need to do this in due course.

Please note that all meat products used will be halal.

Please do not hesitate to contact me if you have any queries.

Yours sincerely,

Ms M Sharma
Teacher of Design Technology
